

## EC-TYPE EXAMINATION (MODULE B) CERTIFICATE Fittings

No.  
845BP-0032

This is to certify that:

Danish Institute of Fire and Security Technology, specified as a "notified body" under the terms of the Danish Safety Technology Authority, did undertake the relevant type approval procedures for the equipment identified below which was found to be in compliance with the essential requirements of Gas Appliance Directive (GAD) 90/396/EEC as last modified by Directive 93/68/EEC, subject to any conditions in the schedule attached hereto.

Applicant	Integrated Gas Technologies ApS
Address	Ørbækgaardsalle 718, DK-2970 Hørsholm
Manufacturer	Integrated Gas Technologies China
Address	Yuyao City, Zhejiang, PRC China
Type of Appliance	Low-pressure LPG Jumbo regulator
Trade Mark	IGT
Type/Model	A200
Specified Standards	EN 12864 "Low-pressure, non adjustable regulators having a maximum outlet pressure of less than or equal to 200 mbar with a capacity of less than or equal to 4 kg/h, and their associated safety devices for butane, propane or their mixtures."

The attached (*schedule of approval*) forms part of this certificate.

This certificate remains valid unless cancelled or revoked, provided the conditions in the attached schedule are complied with and the equipment remains satisfactory in service.

Date of issue 2004-11-30 Issued by Danish Institute of Fire and Security Technology  
Notified Body No. 0845

Signed

Name

Dan Bluhme

/

Ken Olesen

Note:

This certificate will not be valid if the manufacturer makes any changes or modifications to the approved equipment, which have not been notified to, and agreed with the notified body named on this certificate.

Subject to compliance with the conditions in the attached (schedule), which forms part of this certificate, and those of Annex II and Annex III of the Directive, the Manufacturer is allowed to issue a certificate declaring conformity with the Directive. The certificate shall be supplied with the fitting.

This certificate is issued under the authority of the Danish Safety Technology Authority.
